

Cost savings for high-voltage cable systems

Asset Management & Services

Combine savings modules on an individual basis

Save considerable costs relating to high-voltage cable systems with Brugg Cables Asset Management & Services

Brugg Cables

Brugg Cables is an innovative Swiss cable manufacturer with an extensive range of services in the field of power transfer and distribution. Founded over 120 years ago by Gottlieb Suhner, Brugg Cables has become one of the world's leading cable manufacturers. It is our strong customer orientation and the expertise of our employees that continue to set us apart as a company. We focus on innovation and outstanding Swiss quality – and have done so since 1896.

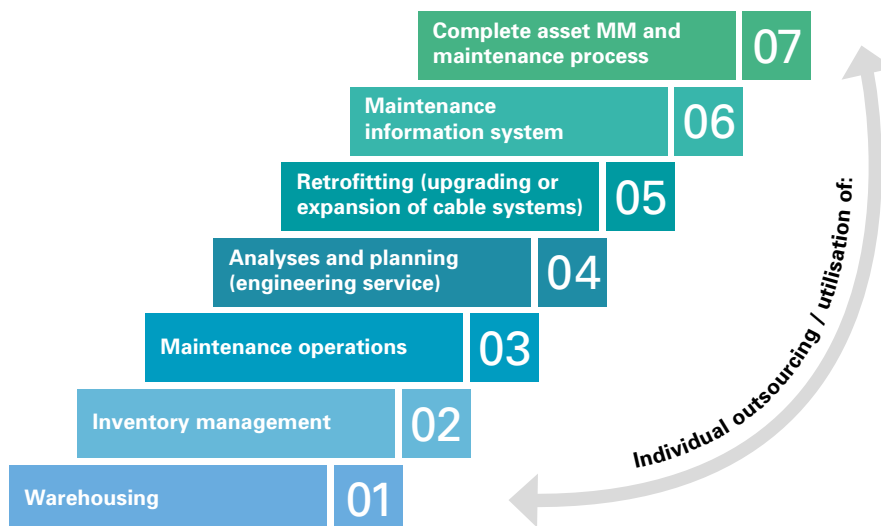

Brugg Cables Asset Management & Services

Our Asset Management & Services package is specifically designed for the demands of energy suppliers, transmission system operators and electricity customers in the high and extra-high voltage sector. This encompasses diverse services to ensure that the planning, construction, operation and maintenance of high-voltage cable systems is safe, efficient and cost-effective.

Flexible combination of service modules

Brugg Cables supports you in your individual, modular use of our services so that you can realise cost-saving opportunities.

Use our modules to save on:

- Incident costs
- Downtime costs
- Material costs
- Procurement costs
- Occupancy costs
- Labour costs
- Equipment costs
- Maintenance costs
- Depreciation costs
